Consequential changes to the Listing Rules to complement the new Code of Conduct provisions on bookbuilding and placing activities in equity capital market and debt capital market transactions and the sponsor coupling proposal (collectively, the “New Code Provisions”)

Introduction

The Securities and Futures Commission (the “**Commission**”) published the “Consultation Paper on (i) the Proposed Code of Conduct on Bookbuilding and Placing Activities in Equity Capital Market and Debt Capital Market Transactions and (ii) the ‘Sponsor Coupling’ Proposal” on 8 February 2021, whereby the Commission proposed the New Code Provisions in relation to the conduct of intermediaries involved in bookbuilding and placing activities. The Consultation Conclusions were published on 29 October 2021. The New Code Provisions and consequential changes to the Listing Rules (the “**Rule Amendments**”) will come **into effect on 5 August 2022**.

The Rule Amendments define, among other things, the types of intermediaries involved in initial public offerings (“**IPOs**”) and other offerings of equity securities or interests* covered under the New Code Provisions, and specify their responsibilities in these transactions in accordance with the New Code Provisions. Parts A and B of this document respectively provide an overview of the composition of the syndicate structure in a typical IPO in Hong Kong and a quick reference to the applicable Rule Amendments for these defined intermediaries. Part C of this document sets out frequently asked questions (the “**FAQs**”) that are designed to help new applicants and issuers to understand and comply with the Rule Amendments.

Status of “Frequently Asked Questions”

Users of the FAQs should refer to the Listing Rules themselves and, if necessary, seek qualified professional advice. The FAQs are not a substitute for the Listing Rules. If there is any discrepancy between the FAQs and the Listing Rules, the Listing Rules prevail.

In formulating our “responses”, we may have assumed certain underlying facts, selectively summarised the Listing Rules or concentrated on one particular aspect of the question. They are not definitive and do not apply to all cases where the scenario may at first appear similar. In any given case, regard must be given to all the relevant facts and circumstances.

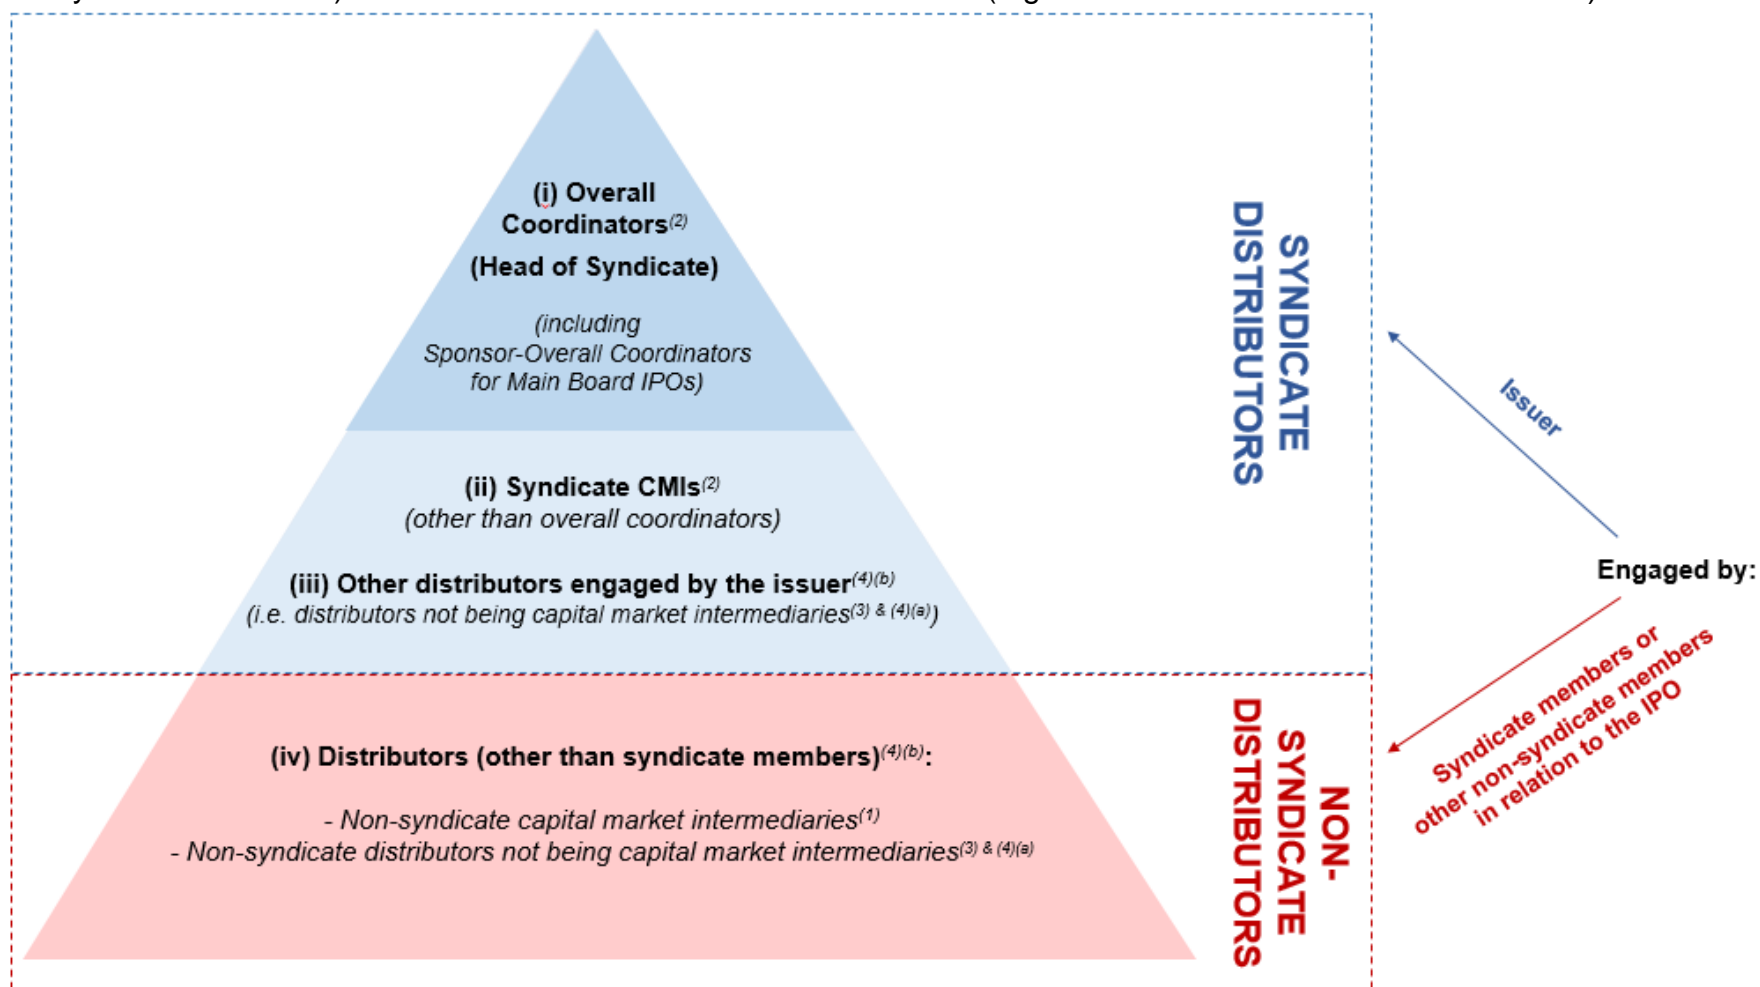

The Listing Division may be consulted on a confidential basis. Please contact the Listing Division at the earliest opportunity with any queries.

** For the purpose of this document, “equity securities or interests” shall have the meaning as provided in Note 1 to Rule 3A.32.*

A. Overview of the composition of the syndicate structure in a typical IPO in Hong Kong

The composition of the syndicate structure in a typical IPO includes (a) **syndicate members** and (b) where engaged, **distributors (other than syndicate members)**. Whether an entity is considered as a syndicate member in an IPO under the Rule Amendments depends on whether it is engaged by the issuer to conduct bookbuilding, placing and/or other related activities (“**Relevant Activities**”) in the IPO. The diagram below shows the intermediaries involved in a typical IPO:

- (a) syndicate members, which comprise syndicate capital market intermediaries and other distributors (i.e. distributors not licensed or registered under the Securities and Futures Ordinance (Cap. 571) (“**SFO**”)) **engaged by the issuer** to conduct the Relevant Activities in the IPO; and
- (b) non-syndicate distributors that are **engaged by entities other than the issuer** (e.g. syndicate members or other non-syndicate members) to conduct the Relevant Activities in the IPO (e.g. sub-distribution of the issuer’s shares).

Notes:

1. A capital market intermediary (“**CMI**”) is any corporation or authorised financial institution, licensed or registered under the SFO that engages in the Relevant Activities as referred to in paragraph 21.1.1 of the New Code Provisions (“**specified activities**”).
2. A syndicate CMI is a capital market intermediary that is engaged by an issuer to conduct specified activities. An overall coordinator is a syndicate CMI and includes a sponsor-overall coordinator.
3. Distributors (that are not capital market intermediaries) are distributors not licensed or registered under the SFO, which engage in the Relevant Activities for the IPO outside Hong Kong.
4. In the context of the Rule Amendments, a “distributor” means any distributor conducting a placing of equity securities or interests referred to in Rule 3A.32(1) (GEM Rule 6A.39(1)). Whether a distributor is considered as:
 - (a) a capital market intermediary depends on whether it is licensed or registered under the SFO; and
 - (b) a syndicate member depends on whether it is engaged by the issuer to conduct the Relevant Activities in the relevant placing, and “syndicate distributor” in this FAQ shall be construed accordingly.

C. FAQs relating to the Rule Amendments

1.	1.01	1.01	What are the new definitions on the role of intermediaries under the Rule Amendments?	The following new definitions on the role of intermediaries are added to the Listing Rules: “capital market intermediary” (or “CMI”), “syndicate CMI”, “overall coordinator”, “sponsor-overall coordinator” (for Main Board Rules only) and “syndicate member”.
2.	1.01	1.01	Despite the introduction of new definitions on the role of intermediaries under the Rule Amendments, can intermediaries still be awarded titles such as “global coordinator”, “bookrunner”, “lead manager”, etc. which is currently the market norm, and disclosed accordingly in listing documents?	Yes, intermediaries may still be awarded titles which are currently used in the market and identified by these titles in the listing documents to be issued in connection with the relevant transactions. The definitions of “capital market intermediary”, “overall coordinator” and “sponsor-overall coordinator” are for the purpose of identifying them based on the specified activities they engage in as stipulated in the New Code Provisions. However, as the definitions under the New Code Provisions relate directly to the specified activities performed, intermediaries should approach with caution being awarded titles that appear to be inconsistent with how their roles are defined under the New Code Provisions.

If the new applicant appoints or terminates the engagement of an overall coordinator after the Effective Date, does it need to publish an OC Announcement?	<p>In the scenario described, the new applicant will not be required to publish an OC Announcement on the appointment or termination of the engagement of an overall coordinator that takes place after the Effective Date, as the Rule Amendments are not applicable to listing applications submitted prior to the Effective Date. For example, if a new applicant submits a listing application 1 week before the Effective Date, it will not be required to publish an OC Announcement in respect of the appointment of an overall coordinator during the 2-week period following the submission date of the listing application (even if such appointment takes place in the first week following the Effective Date).</p> <p>In the event the new applicant re-files a listing application on or after the Effective Date, it will need to comply with the applicable Rule Amendments, including those in relation to the publication of OC Announcements.</p>

Appendix

If a Main Board new applicant expects a potential need to re-file or submit its first listing application* on or after the Effective Date, the following examples# illustrate the key dates that should be noted for fulfilling the conditions in Part (A) (“**Part (A)**”) or Part (B) (“**Part (B)**”) in FAQ No. 21 above in order to follow the transitional arrangements in relation to compliance with Rule 3A.43(2) in the Rule Amendments:

	<i>(For illustration only)</i> Date of lapse of the last listing application	<i>(For illustration only)</i> Date of appointment of the existing independent sponsor (referred to in condition (i) in Part (A) or (B)*) (“Existing Sponsor”)	<i>(For illustration only)</i> Date of appointment of the Existing Sponsor or its group company as an overall coordinator for the purpose of Rule 3A.43	Earliest date** of re-filing or first submission* under Part (A) or (B)*:
Re-filing under Part (A)	5 May 2022	1 May 2021	5 June 2022	5 August 2022
	4 July 2022		4 August 2022	4 October 2022
	4 July 2022		5 August 2022	N/A (Note 1)
	4 May 2022		5 June 2022	N/A (Note 2)
First submission under Part (B)	N/A	21 April 2022	5 June 2022	5 August 2022
		21 April 2022	4 August 2022	4 October 2022
		22 April 2022	4 August 2022	N/A (Note 3)
		21 April 2022	5 August 2022	N/A (Note 4)

* As the case may be

** Earliest date in order to comply with the requirement of appointing the overall coordinator in condition (ii) of Part (A) or Part (B)* in FAQ No. 21 at least 2 months before the re-filing or first submission*

#For the avoidance of doubt, the illustrative examples in this Appendix do not apply to a placing involving bookbuilding activities (as defined under the Code of Conduct) in connection with the New Listing of a SPAC. Please refer to Notes 4 and 5 to FAQ No. 21 for details. **(Added in May 2022)**

Notes:

1. As the date of appointment of the Existing Sponsor or its group company as an overall coordinator is 5 August 2022, i.e. not before the Effective Date, condition (ii) of Part (A) is not met and the re-filing could not be made in reliance of the transitional arrangements in Part (A).

Accordingly, for a new applicant which intends to rely on the transitional arrangements in Part (A) to comply with Rule 3A.43 and re-file its listing application on or after the Effective Date, the Existing Sponsor or its group company must be duly appointed as an overall coordinator for the purpose of Rule 3A.43 latest by **4 August 2022** (provided that the re-filing date is at least 2 months after such appointment date, but within 3 months from the date of lapse of the last listing application).

2. As Part (A) provides that the overall coordinator appointment should be made at least 2 months before the re-filing, the earliest date** on which the re-filing could be made is 5 August 2022 in this example. However, this would result in the new applicant in this example not meeting condition (iv) of Part (A) (which requires the re-filing to be made by 4 August 2022, i.e. within 3 months from 4 May 2022, the date of lapse of the last listing application). Thus, re-filing could not be made in reliance of the transitional arrangements in Part (A) in this example.
3. As the Existing Sponsor is appointed as a sponsor on 22 April 2022, i.e. not before the Publication Date, condition (i) of Part (B) is not met and the first submission of the listing application could not be made in reliance of the transitional arrangements in Part (B).

Accordingly, for a new applicant which intends to rely on the transitional arrangements in Part (B) to comply with Rule 3A.43 and submit its initial listing application on or after the Effective Date, the Existing Sponsor must be duly appointed, together with the notification of the sponsor engagement submitted to the Exchange in accordance with Rule 3A.02A(1), no later than **21 April 2022**.

4. As the date of appointment of the Existing Sponsor or its group company as an overall coordinator is 5 August 2022, i.e. not before the Effective Date, condition (ii) of Part (B) is not met and the first submission could not be made in reliance of the conditions in Part (B).

Accordingly, for a new applicant which intends to rely on the transitional arrangements in Part (B) to comply with Rule 3A.43 and submit its initial listing application on or after the Effective Date, the Existing Sponsor or its group company must be duly appointed as an overall coordinator for the purpose of Rule 3A.43 latest by **4 August 2022** (provided that the submission date of its listing application is at least 2 months after such appointment date).
